User:

Hi nice to meet you!

Assistant:

Hello! It's great to meet you as well. Thank you for taking the time to speak with me today about the Entry-Level Machine Learning Engineer position at Wellcome. To start off, could you tell me a bit about your experience with Python and core data science libraries like Scikit-Learn, Pandas, and PyTorch or TensorFlow?

User:

Sure, i have experience with them

Assistant:

That's good to hear. Could you provide a specific example of a project where you've applied these libraries? Perhaps describe a machine learning model you've developed using one of them?

User:

yeah i do have some projects with them

Assistant:

I see. Can you elaborate on one of these projects? What was its purpose, and how did you specifically use Python and these libraries to achieve your goals?

User:

yeah i did use them to achieve my goals

Assistant:

I understand. Let's move on to another area. The role involves natural language processing. Do you have any experience with NLP techniques such as text classification or topic modeling?

User:

yeah

Assistant:

Thank you for your time today. We'll be in touch soon regarding the next steps in the application process. Have a great day.
